Title of the thesis

by

Candidate name

Roll. No.: Candidate roll number

विश्वजीवनामृतं ज्ञानम्

ABV–INDIAN INSTITUTE OF INFORMATION TECHNOLOGY AND MANAGEMENT GWALIOR (M.P.), INDIA

- This slide includes your motivation behind taking up this research topic. You may tell a little about the research gap as well. (Should not exceed one slide)

- This slide includes 2-3 clear objectives of your research. The objectives must not be verbose and should contain key words. Include mathematical expressions if necessary. (Should not exceed one slide)

- This slide should highlight the novelty in your proposed solution and what is the incremental addition made by proposed solution in state of art or current research in the respective area (2-3 slides)

- This slide includes the research outcome in terms of new technology/process/algorithms developed during the course of the research. Highlight the key findings of your research with results. You could also mentioned publications from the research (if any). (3-4 slides)

Result 1

- Place your graph
- Highlight the observations

Result 2

- Place your graph
- Highlight the observations

- Place your graph
- Highlight the observations
